*Prices and specifications are subject to change without notice. Does not include dealer preparation charges, transport, licensing or local taxes.*

"The 1968 Land-Rover fully complies with all U.S.A. Federal Pollution and Safety Standards. These standards do not require dual braking systems on four-wheel drive vehicles. However the states of New York, Massachusetts and Pennsylvania have a requirement for this on all vehicles, and therefore, it is not possible to register the Land-Rover in these three states."
